

# air laser cutter

The Eurotec LC04 Air Laser Cutter features the following:

- **Innovative design.**  
The innovative tool every professional needs for removing and separating the welding seams made with laser technology.
- **Guaranteed square cutting edge.**  
The cutting geometry created by the special Duplex grinding process guarantees a square cutting edge along the laser weld.
- **Smooth running and long life.**  
The smooth running of the cutting wheel is achieved by the precision polishing of the shaft. High quality manufacturing and materials guarantee a long, durable life.
- **Adjustable to suit your requirements.**  
Comes complete with a high speed cutting wheel made of specially hardened metal. The depth of cut limitation is optional at either 0.8mm or 1.0mm.
- **Easy to use**  
Minimal training is required to create a professional operator. Weighing only 850 grams, its perfect for the user and ideal for the job!

SPARE CUTTING  
WHEELS 25mm  
& 40mm
